Hello everyone!

In March of this year, we merged our members with the Institute of Divorce Financial Analysts (IDFA). This offers our members more nationally recognized designation in the fast growing realm of Financial Divorce Specialists. If you would like more information about the merger, please [click here](#). FDA will continue to offer our Teleclasses in Topics that impact you in your work. We are now CE sponsors for both Certified Financial Planners (CFP) Board and IDFA. Watch our offerings for CE credit eligibility for both of these

organizations!
